PARTNERSHIP PROPOSAL

POCARI SWEAT × BEKS CITY RUN CLUB

Proposed Role: Official Hydration Partner

Prepared for: The POCARI SWEAT Team

Prepared by: Beks City Run Club

Location: Abeokuta, Ogun State, Nigeria

PROPOSED PARTNERSHIP

What We Are Requesting

We'd like to invite POCARI SWEAT to become the Official Hydration Partner of Beks City Run Club for an agreed partnership period.

Product Support

For runners, volunteers and event support teams, based on confirmed attendance.

Financial Sponsorship

Toward event execution, logistics, safety, medical support, production and participant experience.

Hydration Infrastructure

Hydration stations, coolers, tents and signage where available.

Brand Activation Support

Product sampling and an on ground hydration and recovery experience.

Multi-Event Consideration

A multi-event or annual partnership as the BCRC community continues to grow.

ABOUT US

Beks City Run Club

A community driven running club based in Abeokuta, Ogun State, committed to promoting running, fitness, healthy living and meaningful community through movement.

Our activities bring together runners and fitness enthusiasts for organised community runs, social connection and an environment that encourages people of different fitness levels to stay active. We're building a recognisable grassroots running community — and a platform through which health-focused brands can engage directly with an active local audience.

*All events are delivered with **ARCHERS LIVE**, our official production partner, ensuring every run and activation is executed to a professional standard.*

OUR VISION

Why POCARI SWEAT?

Our Partnership Vision

We seek strategic partnerships with brands whose values naturally align with running, wellness and healthy living — going beyond conventional logo placement to create meaningful experiences for both brand and community.

A Natural Fit

Hydration is essential to the running experience. POCARI SWEAT's positioning around replenishing fluids and electrolytes makes it a natural fit for our community of runners and fitness enthusiasts.

The Opportunity

- Connect POCARI SWEAT with an active, growing running community in Abeokuta and the wider Ogun market
- Create authentic product trial within a real sporting and fitness environment
- Build repeated brand touchpoints across selected BCRC community runs and larger events
- Associate POCARI SWEAT with movement, healthy living and responsible hydration

IN RETURN

What Beks City Run Club Offers POCARI SWEAT

Final deliverables are tied to the level and duration of POCARI SWEAT's contribution.

- Recognition as the Official Hydration Partner of Beks City Run Club
- Agreed brand visibility across event materials, digital promotions, signage and event day assets
- POCARI SWEAT branded hydration stations at selected events
- A dedicated post-run hydration and recovery activation area where appropriate
- A defined number of digital and social media sponsor mentions and content pieces
- Opportunities for product sampling and direct engagement with runners
- Inclusion in selected event photography, videography and post-event recap content

Recognition tier, activation rights and exposure scale with the partnership option selected — see Partnership Framework.

ACTIVATION

Proposed Event Activation

- POCARI SWEAT Hydration Station
- POCARI SWEAT Hydration and Recovery Zone
- Product sampling and runner engagement
- Hydration-focused messaging or educational content approved by POCARI SWEAT
- Agreed photo and video content opportunities

FRAMEWORK

Partnership Framework

We're open to structuring the partnership according to the level of support POCARI SWEAT wishes to provide.

OPTION 1

Hydration Partner

Product support in exchange for agreed hydration integration and limited event visibility.

OPTION 2

Community Partner

Product support combined with event or logistical support in exchange for broader event visibility, defined digital exposure and dedicated activation opportunities.

RECOMMENDED

OPTION 3

Strategic Partner

Product support combined with meaningful financial sponsorship in exchange for premium visibility, stronger activation rights and consideration for a multi-event or annual partnership.

COMMERCIAL PRINCIPLES

Fair & Sustainable, By Design

1. Partnership benefits should be proportionate to the level and duration of the confirmed contribution

2. Any category exclusivity should be limited to a clearly defined period and scope

3. BCRC retains ownership of its name, logo, community identity and event IP unless usage rights are separately agreed in writing

4. Commercial use of BCRC event photos, videos or community content beyond the agreed partnership requires separate approval

5. All deliverables, quantities, dates, branding positions and activation rights are documented before each activation or event

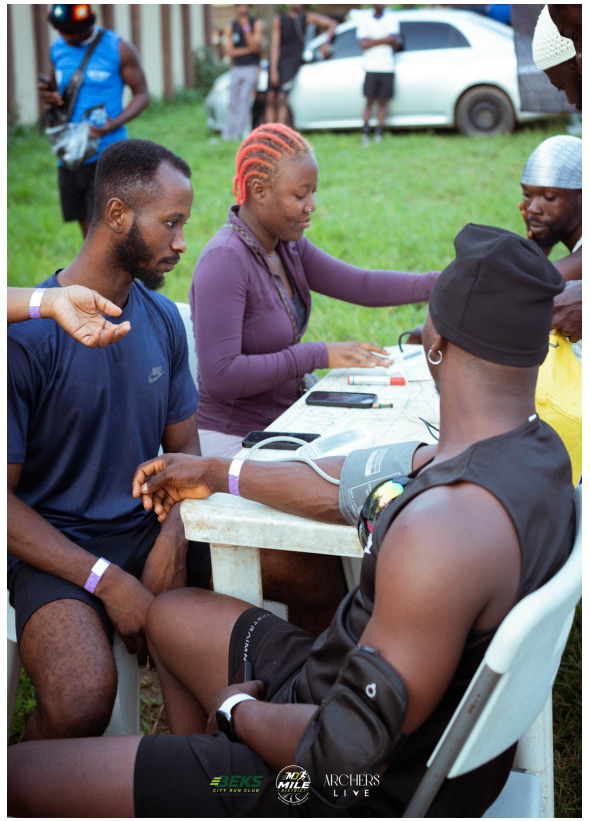

6. The partnership excludes open-ended obligations — no unlimited branding, unlimited exposure, or indefinite exclusivity

COMMUNITY GALLERY

BCRC In Action

LONG-TERM OPPORTUNITY

Built to Grow, Together

While the partnership can begin with a selected event or activation, we believe there is greater value in a longer term relationship. A multi-event or annual partnership would allow POCARI SWEAT to build consistent visibility within the BCRC community while supporting the continued growth of running and active lifestyles in Abeokuta.

BCRC believes this partnership creates meaningful value for both organisations. POCARI SWEAT engages directly with an active, relevant community, while BCRC delivers runners an enhanced hydration experience and continues the growth of our events.

Let's Build This Together

We'd welcome the opportunity to meet with the POCARI SWEAT Nigeria team to discuss this proposal and develop a partnership package that delivers measurable value for both parties.
